

Rose List 2018

Melkinthorpe, Penrith, Cumbria, CA10 2DR

All roses are available via our website www.larchcottage.co.uk

For further information please call 01931 712 404

SHRUB ROSES

- ALBA** Early summer flowering roses, often scented and extremely disease resistant. Can withstand poor soil/ shade.
- BOURBON** Popular in Victorian times for their repeat flowering. They tend to have a rich scent.
- CENTIFOLIA** Flowering once in a season, but have exquisite perfume. Requires firm pruning to achieve a well grown shrub.
- CHINA** Long flowering season, but very little scent. Shiny foliage.
- DAMASK** Continuous flowerers with distinctive Damask perfume.
- ENGLISH** Shrubby growth with a strong fragrance. Nearly all repeat flower in suitable conditions.
- FLORIBUNDA** Suitable for bedding as they give prolonged flowering from June-Oct. Also good for hedging.
- GALLICA** A very old type of rose which is compact and usually scented. Flowering once in mid to late June.
- GROUND COVER** Ideal for planting under shrubs, in large beds or cascading down banks.
- HYB. PERPETUAL** Mostly repeat flowerers, with strong fragrance. Darker colours grow best in part shade.
- HYBRID MUSK** Large clusters of flowers, usually scented. Ideal for hedging, group planting or specimen.
- MODERN SHRUB** Many have old style flowers and are usually continual flowerers.
- MOSS** Given their name due to the moss-like growth around the bud which produces a strong balsam fragrance.
- PIMPINELLIFOLIA** Particularly good for hedging.
- POLYANTHA** Flower continuously, suitable for small gardens.
- PORTLAND** Well suited to being grown in pots or urns. Continuous or repeat flowerers.
- RUGOSA** Highly scented, ornamental hips. Flower more than once in a season. Suitable for poor conditions.
- SPECIES** Usually single flowers. Suited to a wild gardens or mixed shrubberies. May take up to 3yrs to flower.
- SWEET BRIAR** Usually covered in sharp thorns making them ideal for tall informal hedges and concealing items.

CLIMBERS

Usually large flowers and mostly repeat flowerers. They are ideal for climbing on walls and garden arches. To create plenty of flowers train the rose branches horizontal or on a slant. This produces new flowering shoots all along the branch instead of just at the growing tip.

RAMBLERS

These have small flowers in large clusters or sprays and tend to have very long stems shooting up from the base of the plant. They are usually once flowering and fragrant. They are more lax in growth and are excellent for growing through trees and shrubs or up trellises and pergolas. They are ideal for covering large areas and require little pruning.

Crown Princess Margareta	Neat rosetted of bright apricot	Strong, fruity	5ft x 4ft	R
Easleas Golden Rambler	Rich yellow	Scented	20ft x 15ft	PST
Emily Gray	Golden-yellow flws. Rich glossy foliage	Fragrant	15ft x 10ft	NT
Ethel	Mauve-pink, fragrant flowers on a vigorous plant	Fragrant	15ft – 20ft	PNT
Filipes Kiftsgate	Small single, cream flws	Sweetly scented	30ft x 20ft	TSF

VARIETY	COLOUR	SCENT	HT/SPR	CODE
Francis E Lester	Single white, edged pink	Strong	15ft x 10ft	PNSTF
Francois Juranville	Pink, dble. Unusual.	Sweet	15ft x 10ft	PNGST
Gardenia	Fully dble qrtrd soft creamy yellow	Scented	20ft x 15ft	PSR
Ghislaine de Feligonde	Orange-yellow to creamy-buff	Medium	8ft x 8ft	NPWSC
Goldfinch	Deep yellow fading to milky white	Strong	8ft x 5ft	PS
Helena	Creamy white	Fragrant	20ft x 15ft	APTS
Kew Rambler	Soft pink / deeper edging	Rich	18ft x 12ft	NPST
Kisses of Fire	Mini Orange-red multi-petalled flowers in trusses	Light	12ft x 12ft	CF
Laure Davoust	Huge clusters of lilac rose paling to lavender white	Fragrant	10ft x 8ft	CgN
Leo's Eye	Clusters of bright single orange vermilion blooms.		16ft x 12ft	
Longicuspis.	Vigorous. Sprays of single white scented blooms. Tiny orange-red hips		19ft x 19ft	F
Malvern Hills	Medium yellow blooms	Strong	10ft x 10ft	NCgR
May Queen	Semi-dble rose pink	Delicate	Up to 25ft	TSPGN
Mme Alice Garnier	Trusses of small fully double blooms with a mixture of buff apricot and pink	Fragrant	9ft x 8ft	NPG
Moschata 'Nastarana'	Trusses of white flowers	Fragrant	10ft x 10ft	PNT
Narrow Water	Large trusses of soft lilac-pink	Fragrant	8ft x 6ft	RSP
Paul Transon	Rich salmon, copper/ yellow tints	Scented	10ft x 8ft	PSR
Pauls Himalayan Musk	Soft pink	Fragrant	20ft x 12ft	PNTGS
Rambling Rector	Creamy white, semi-dble	Sweet	20ft	SNTP
Rambling Rosie	Semi double bright red blooms, glossy foliage	None	10ft x 8ft	CR
Rene Andre	Pink/Saffron/ Carmine	Scented	18ft x 8ft	TPNS
Sander's White	Large clusters of fragrant white rosettes-flws	Fruity	To 12ft	
Seagull	Single, pure white	Scented	25ft x 15ft	NPTS
Sir Cedric Morris	White/Cream	Scented	30ft x 20ft	PTFNA
Snow Goose	Small white pompon flowers, filled with narrow petals	Musk	To 10ft	RN
The Garland	Semi-dble creamy-white, tinged pink	Very Fragrant	15ft x 10ft	PNTS
Trier	Small semi-double creamy white blooms	Highly Fragrant	12ft x 8ft	R
Veilchenblau	Purple violet / white centres	Scented	15ft x 12ft	NPTS
Wedding Day	Huge clusters of single, creamy-yellow flws, opening from apricot buds	Very Fragrant	Up to 25ft	PN
Wickwar	(Rare & Unusual) Clstrs smll creamy-white flowers/grey-green foliage	Highly Fragrant	12ft	NSb

STANDARD/HALF STANDARD ROSES

VARIETY	COLOUR	SCENT
Albertine Weeping Standard	Coppery buds open into medium sized double blooms salmon pink in colour	Fragrant
Canary Bird Weeping Standard	Single, canary yellow blooms from unusual and attractive matt mimosa style growth	Fragrant
Enchantress Standard	Deep pink hybrid tea type rose	Very fragrant
Golden Wedding Half Standard	Excellent golden yellow floribunda rose produces exquisitely shaped buds has excellent health	Good fragrance
Iceberg Standard	Large clusters of lightly double, pure white flowers	Sweet fragrance
MacMillan Nurse Standard	Clusters of perfectly formed, large, cupped, rosette shaped blooms, white-peach flushed in colour	Subtly scented
Maid of Kent Weeping Standard	Pretty soft pink, semi double medium sized blooms	Light scent
Mum in a Million Standard	A pink Hybrid Tea rose that has fabulous, classic, old fashioned quartered blooms	Sweet rose fragrance
Rambling Rosie Weeping Standard	Bright red blooms are little more than single and borne in large clusters, with an attractive white eye	Little fragrance
Royal William Standard	Crimson rose with large double flowers which are beautifully formed	Good scent
Ruby Anniversary Half Standard	Ruby red double blooms in medium sized clusters	Fragrant
Sander's White Rambler AGM Weeping Standard	Large clusters of fragrant white rosettes-flws	Fruity fragrance
Silver Anniversary Half Standard	A remarkable pure white Hybrid Tea rose with enormous beautifully shaped flowers	Fragrant
Super Fairy Weeping Standard	Repeat flowering rambler with clusters of masses of small light to mid pink double blooms	Scented
Sweet Dream Half Standard	Soft peach/apricot double flowers	Sweet fragrance

ROSE CARE

Preparation of ground.

The planting hole should be well dug to approx (18inches)/ 45 cms, and the original soil mixed with approximately 5 litres of well-rotted farmyard manure, or compost, and a handful of bone meal. If old roses are being replaced with new, the soil should be completely removed and replaced with fresh, as after a length of time soil may become 'rose sick'. This is due to the organic and mineral content being exhausted and consequently any new plants will suffer deficiencies and grow poorly.

Planting

The hole should be large enough to accommodate the roots comfortably after spreading out. The graft union should be approx. 50mm below soil level.

The original soil from the hole should be well mixed with manure and firmed around the roots to prevent air pockets. If the roses are in containers the graft union again should be 50mm below soil level and the soil/manure mix well packed around the compost once the pot has been removed. Top dressing, once planted with a good proprietary concentrated organic manure, pays dividends in first year of flower and growth

Pruning

Most shrub and rambler roses do not need to be pruned to promote flowering although straggly and weak growth should be pruned away. Pruning tends to be to keep the plant in shape rather than to produce structure. Newly planted roses if not already pruned are better cut back to approx 1ft (30cms) in the case of stronger growing varieties as this will produce good basal growth rather than leggy plants. Most pruning is best carried out in February.

Aftercare

We find top dressing twice a year with a good proprietary concentrated organic manure once after pruning and once mid-season, keep the plant in good healthy and flowering condition.

Growing Roses in Pots

Most roses require deep pots to accommodate their root structure and only more compact varieties perform well when their roots are restricted - see rose list for suitable varieties. A good compost with high organic content is required and regular feeding and watering to keep the plants in good condition.

CODE:

F -Worth growing for its ornamental hips

T -Suitable for growing through trees

N -Suitable for north wall

R -Repeat flowering

Sb -Can be grown as large shrub

C -More or less continuous flowering

G -Suitable for groundcover

S -Shade tolerant

Cg -Can be grown as climber

W -Suitable for woodland planting

H -Suitable for hedging

P -Tolerates poorer soils

A -Good autumn foliage

Tb -Suitable for growing in tub
